# Making Transfers on a Mobile Device

Linking an external account and transferring funds to and from your Connexus account using your smartphone or mobile device is as simple as 1, 2, 3:

- 1. Link an account
- 2. Verify an account
- 3. Make a transfer

Follow the instructions in the three steps below to get started.

#### Step One: Link an Account on Mobile

We currently offer two options for linking an external account to your Connexus account on a mobile device. Instructions for both are listed below.

Option A: Link External Accounts Instantly (recommended)

This first option eliminates the need to wait for trial deposits and allows you to start transferring funds to and from your Connexus account within minutes. Please note that you must have access to your external account(s) online in order to link to your Connexus account.

If this option to instantly link accounts doesn't work, you should follow the <u>instructions for manual</u> <u>linking</u>.

1. Log in to your Connexus Digital Banking account using your username and password.

2. Navigate to "Transfers."

3. Tap "Link an Account" in the upper right.

4. Tap "Link an account instantly."

5. Search for your external financial institution from the menu that appears.

6. Select your financial institution. If your financial institution does not appear, you can still <u>link your account manually</u> using your account and routing number.

7. You will be prompted to enter the username and password associated with the financial institution that holds the external account. You may be required to complete Multi-Factor Authentication for your external account. Once you submit this information, your accounts will get verified in real time.

8. You will see a list of the accounts that you hold at the external institution. Toggle the switch on the right side to select the checking and/or savings accounts you'd like to link to your Connexus account. Tap "Done."

Note: You can only link accounts on which you are an owner or signer.

9. Your external account is now linked to your Connexus account.It will appear in the accounts dropdown in the Transfers tab.You can now make a transfer using this external account.

Note: Please allow 1-3 business days for transfers to complete.

#### Option B: Link External Accounts Manually (use if Option A doesn't work)

This option for account linking will require you to wait for trial deposits from Connexus to show up in your external account(s) in order to verify them.

1. Log in to your Connexus Digital Banking account using your username and password.

2. Navigate to "Transfers".

6. Enter the routing number and account number for the external financial institution. You'll also need to assign a nickname to this account for easy identification in the future. Once complete, tap "Continue."

7. You will be prompted with a security feature that requires authentication. To complete this step, verify a one-time passcode via email or text.

#### Step Two: Verify an Account on Mobile

If you were able to link your account instantly following the instructions in <u>Option A of Step One</u>, you do not need to verify your account and can skip to Step Three, <u>Making a Transfer on Mobile</u>.

If you needed to manually link your account following the instructions in <u>Option B of Step One</u>, you will now need to verify your account by locating and reporting the two, small trial deposits that were made into your account. Here's how:

1. After two to three business days, access your external account and look for two small trial deposits followed by a withdrawal of the total amount of those deposits.

2. Note the specific amounts of the two deposits (less than \$1.00 each). You do not need to note the withdrawal amount.
